

PODS FOR TEXAS BABIES

*from the people of New Zealand
to the parents of Texas displaced by the flooding*

Our thoughts are with you.

We hope this simple baby bed is useful to you at such a difficult time.

Called a Pēpi-Pod® in New Zealand, it provides a zone of protection around a young baby when they sleep in, or on, an adult bed, on a couch, or when a makeshift bed is needed. It is a way to keep your baby safe and close every time they sleep.

When your baby outgrows it, please offer your Pēpi-Pod® to another family. Thank you.
